

CASE STUDY

# Emerging risks: *Positioning for the future*

## **CLIENT OUTCOME**

Better understanding of risk horizon relevant to their industry and global footprint, across a range of legal and commercial risk areas.

## **SUCCESS FACTORS**

Drawing on the collective insight from Allens and Linklaters – across all aspects of a business and its regulatory environment. This included project development, tax, project financing, acquisitions, climate change, social media, data privacy and cyber security, anti-bribery and competition laws to name a few.

## **SCOPE OF WORK**

Brainstorming scope with client, Allens preparation of 'risk status' papers and presentations in a facilitated workshop with client leadership, in legal, risk and compliance.
